Carol of the Bells

Dwayne Engh

for Percussion Ensemble
The simple setting of this well known tune was done in 1995, which was my first year of working with the percussion ensemble at Vincent Massey Junior High School. I had quite a few problems finding music suitable for their level of development, so I wrote a simple arrangement for them for the Holiday Season. We were lucky enough to have an Elementary School as a feeder school that had hand bells, so the optional hand bell introduction was written. The piece was performed the following year with the University of Calgary Lab Band Percussion Ensemble (a class for music educators to get practical experience working with beginning band students) without the hand bell introduction – although it adds a nice texture and sets the mood very well, the introduction is not necessary for the success of the piece. At the performance with the University of Calgary Lab Band Percussion Ensemble, Crotales were used for the Bells 1 part.

While written for Junior High, many of the members were relatively advanced for only one or two years of playing. Because of this, the arrangement has also been used with two different High School Percussion Ensembles with success.

Complete List of Instruments Needed:
2 Sets of Bells (or 1 Set Bells and 1 Set of Crotales)
