This Old Man Variations

Traditional

Arranged by David Marlatt

This favorite children's song has been cleverly arranged in some different styles in this easy arrangement for string orchestra. The melody is first in the violins, then a waltz section then finally a Calypso feel with cellos and basses with the tune. This is fun music that is not too difficult.

Style is everything with these piece. Brilliant fortes are contrasted with smooth lyrical playing. The ensemble must work together to match articulations, dynamic and style. When one part has the tune, the others must play under that line to allow it to be heard.
